

To Whom It May Concern;

I am writing to urge you to secure the radio station KLOVE in my area (Denver, CO). This station saved my life. I was having a very hard time with my teenage daughter two years ago and it seemed as if she was lost to me forever. At a time when I cared nothing more for life, KLOVE was there encouraging me with prayer and positive music, reminding me that I was not alone. Since that time my daughter has come to know Jesus and the relationship we have is very rare among teenagers and their moms. We encourage each other spiritually and are both ministered to daily through the staff at KLOVE.

I can't imagine life in Denver without this station. Every where I go I see KLOVE stickers on peoples' cars. I've had at least three occasions when I was listening to KLOVE in my car and people in neighboring cars have made comments like, " Yeah KLOVE, right on." This was from a teenage girl and boy by the high school. An older lady in the parking lot of the grocery store told me what great taste in music (smile). How often do human beings take the take to say a friendly word to a total stranger? It's the awesome power of God working through this station.

In addition to the beautiful music KLOVE plays they offer free resource lists to family friendly events in my city. These are events that I would not have access to in any other way besides KLOVE. I don't have a lot of money, being a single parent and in most cases these event are free.

Please , please, please leave KLOVE on in Denver and in all places they reach!!!!

Sincerely,

Jill Pinnt
